in December

Todd A. Morrow, MD

OTOLARYNGOLOGY & FACIAL PLASTIC SURGERY

Since opening his successful practice in West Orange in 1993, Dr. Todd A. Morrow's excellence in facial plastic surgery has continued to inspire loyalty, respect, and trust from his patients and colleagues. His practice, Tomorrow's Face, specializes in cosmetic and reconstructive plastic surgery of the face for women, men, and children.

A founding partner of Associates in Otolaryngology of New Jersey, Dr. Morrow is board certified in both otolaryngology (ENT) and facial plastic surgery. He works with his young patients to correct nasal and facial fractures, perform cosmetic nasal surgery (rhinoplasty), correct prominent ears (otoplasty), perform scar revisions, and provide other services that enhance patients' confidence and self-esteem.

"I consider it a great privilege when a parent places the care of their child in my hands," he says.

Dr. Morrow utilizes cutting-edge techniques and technologies to reduce patients' anxieties and ensure realistic expectations. Using computer imaging, he shows patients a virtual image of the anticipated results of their treatment.

Through his partnership with the American Academy of Facial Plastic and Reconstructive Surgery's humanitarian program Face to Face, Dr. Morrow provides free care to victims of domestic violence and veterans who have sustained facial injuries.

After receiving his MD from Thomas Jefferson University, Dr. Morrow completed a residency in otolaryngology/head and neck surgery at Rutgers-NJ Medical School and a

fellowship in facial plastic and reconstructive surgery at the University of Toronto.

Continuously rated one of the top doctors in the New Jersey/New York metropolitan area, Dr. Morrow's honest and caring approach has benefited thousands of children and young adults.

"I am proud and extremely grateful to have been given the opportunity to create such change in the lives of so many during my career," he says.
